Dear Parents/Guardians:

This is to inform you that the New Jersey Department of Health and Senior Services (DHSS) has recently revised the administrative rules with substantive changes to include the requirement of new vaccines for students attending sixth grade in September of 2008. The amended regulations state the following:

- Every child born on or after January 1, 1997 and entering grade six on or after September 1, 2008 shall have received one (1) dose of Tdap (Tetanus, diphtheria, acellular pertussis) given no earlier than the 10th birthday.

  Children entering or attending grade six on or after September 1, 2008 who received a Td booster dose less than five (5) years prior to entry or attendance shall not be required to receive a Tdap dose until five (5) years have elapsed from the last DTP/Dtap or Td dose.

- Every child born on or after January 1, 2007 and entering or attending grade six on or after September 1, 2008 shall have received one (1) dose of a meningococcal-containing vaccine, such as the medically-preferred meningococcal conjugate vaccine.

Students must provide documentation of these immunizations from their Primary Care Provider by the beginning of school in September of 2008. Therefore, we are requesting that your Primary Care Provider complete the form below and return to the Ethel Hoppock Middle School at your earliest convenience.

If you have any questions regarding these new requirements, please feel free to contact me at 908 479-6336 ext. 2225. Thank you for your cooperation in this matter.

Sincerely,

School Nurse

HEALTH ALERT LIST

Privacy practice prohibits generating a list for all staff regarding your students' health issues but it is important that you complete the form below and list any health issues as follow:

A. Major health issues: (those which are life threatening) such as food allergies & bee sting allergies with a systemic reaction, seizure disorders, Diabetes, Asthma, etc.

B. Minor Health issues: (those not life threatening) such as hearing/vision deficits that require preferential seating arrangements, orthopedic problems, bladder disorders, allergies, etc.

C. Medication (those that are administered daily and/as needed). Forms for medications that require administration during school hours are available from the health office. All medications administered in school require written parental permission and a physician order.

It is important that we have up to date health information on your child. It is advised that when your student has a physical exam with their physician that a copy be added to their health record.

Please do not hesitate to notify the health office whenever there is a change in your child's health status.
